TIME WARNER INC.

Docket No. C-3989

Cable Broadband ISP Service Agreement

Pursuant to Paragraph II.B.1. of the Decision and

Order (1999-02-08) (1999-02-08) (1999-02-08) (1999-02-08) (1999-02-08)

Binghamton, Liberty, Rochester and Syracuse cable divisions. This Motion is an application for the Commission to approve the extension of LocalNet's service into TWC's Portland division.

I. LocalNet.

As noted above, AOLTW seeks approval of LocalNet and the Alternative Cable Broadband ISP Service Agreement between TWC and LocalNet to provide cable broadband ISP service in TWC's Portland division. The agreement for the Portland division amends the Alternative Cable Broadband ISP Service Agreement dated November 2, 2001 (the "November 2 Agreement") that was approved by the Commission on February 26, 2002. The amendment was signed on July 1, 2002.

**CONFIDENTIAL
REDACTED**

Since TWC submitted its Motion seeking approval of LocalNet on November 8, 2001, there have been a number of significant developments that increase LocalNet's ability to compete effectively as an ISP provider of cable broadband services.

First, LocalNet has continued to increase its

[REDACTED]

subscriber base grew by approximately 19,000, an increase of more than 90%.³ In January 2002, LocalNet announced that it had amassed a subscriber base of 40,000 customers.⁴

Since its establishment in 1994, LocalNet has distinguished itself as a low-cost provider of high-quality Internet service. In a March 2002 press release, Marc

Silvestri, President of LocalNet, stated that "[w]e offer a great value in dial-up Internet access, and I expect us to be competitive with our cable Internet offer".⁶

The rapid growth of LocalNet's subscriber base and the expansion of its geographic service area in 2002 are indicative of the increasing competitiveness of LocalNet.
